

### At a Glance

2, 3, 4 or 5 week courses

15 hours English tuition each week

Focus on English through varied activities and projects

Suitable for all levels

# General English

## Why Choose General English?

*Build English, Build Confidence.*

In our General English course, students will always practice what they have learned during the lesson. Teachers will provide students with fun and challenging speaking activities which allow students to practise the language they have studied during the lesson. Activating language through practice is an important step in the language learning process.

## Learning Language and Using Language

*Using English in a meaningful way.*

In dynamic and fun lessons, students learn vocabulary, grammar, pronunciation, reading and writing using our communicative method. Students then use this knowledge in creative activities, collaborative tasks and class projects in which they can apply what they have learned in real-world situations.

## How We Teach: Making English Fun

*Activating what you learn.*

We strongly believe that students respond best to an environment that enables them to produce, practice and create in English. We therefore provide a student-centred environment in the classroom and, through being communicative, students can develop their confidence in using English in meaningful situations.

## Time to Shine

*Fun, collaborative, research and presentation tasks.*

For General English's Time to Shine, students will take part in a series of creative, communicative and challenging tasks and projects which utilise 21st century skills. Examples of such tasks and projects include: giving presentations based on the students' own research; fun and collaborative team challenges, and class competitions.

**"Classes are the best, we had so much fun and at the same time we were always learning."**

Alanoud, Student, Jordan

### At a Glance

2, 3, 4 or 5 week courses

15 hours English tuition each week

Focus on English through subjects such as history, science and creative writing.

Suitable for upper intermediate to advanced levels

# Summer Study

## Why Choose Summer Study?

*Build English, Build Confidence.*

Summer Study consists of 15 hours of lessons per week and is available to students of an Upper Intermediate to Advanced level of English. The syllabus has been designed especially for young learners, and students will benefit from a content-based learning approach to enhance their English language development. They will explore a variety of subjects, including English Literature, Creative Writing, History, Science and Geography, in a comfortable and interactive environment.

## Learning Language Through the Study of Other Subjects

*Using English in a meaningful way.*

The course studies English through looking at a wide range of subjects, from famous works of literature to scientific case studies, and covers both classic and modern elements of each subject. Throughout our fun and interactive lessons students will have the chance to actively engage in classroom discussions, debates, and fun topic-based activities.

## How We Teach: Making English Fun

*Activating what you learn.*

Our lessons are designed to be communicative, meaning that our students are constantly using English in an interactive way. This focus on spoken interaction enables students to activate what has been learned and further develop their understanding of the language used to describe the subjects studied.

## Time to Shine

*Dynamic and varied projects.*

As part of our Time to Shine programme, our Summer Study students are given the opportunity to apply the subject knowledge they have gained each week to create engaging and thought-provoking presentations. This communicative and collaborative task enables students to utilise a variety of 21st century skills.

**"I really like the Summer Study classes because it was different and interesting."**

Leo, Student, Switzerland
